| <b>Description</b><br>The church has an agreement with the neighbouring school to use their parking lot in the event our parking lot overflows. When this happens, the gate at the west end of our lot is opened. What we need is a removable sign that could either hang on the garbage container fence, or stand on the ground at the end of the lot. The sign would read, "More Parking" with an arrow pointing to the gate. The sign needs to be large enough to read from the other side of the parking lot, and be bold enough to catch a driver's attention. This sign will likely have to be professionally made. We are looking for someone who can do all the legwork involved in getting this job completed. |                     |                    |                                    |
| <b>Importance</b> Low   |                     |                    |                                    |
| <b>Time estimated to complete job</b> 4 hours   |                     |                    |                                    |
| <b>Special skills required</b>  |                     |                    |                                    |
| <b>Special tools required</b>   |                     |                    |                                    |
| <b>Budget</b> \$100   |                     |                    |                                    |
