“Visitor Parking” Sign		Number P003	Date Posted: Sept. 20/10
Category Property & Maintenance - Outdoor	Type Project		
Description Churches which focus on hospitality often reserve their best parking spaces for first time visitors. At our church, we would like to designate two spots on the east end of the parking lot, just east of the little garden, to be our “Visitor Parking” area. We need a single sign, able to be mounted on a pole that reads, “Visitor Parking” with two arrows pointing 45 degrees down and to the outside to indicate the two parking spaces on either side of the sign. We are looking for a person to get the sign made. If that same person can also install it, that’s great, but if we need to have someone else do that, we can arrange for that as well.			
Importance Low			
Time estimated to complete job 4 hours			
Special skills required Nothing to have the sign made, but more if it is to be installed.			
Special tools required See above re: installation			
Budget \$100			
Contact person Dave Anderson			
Additional Notes Please talk to Dave about the final wording of the sign before proceeding.
