<b>Replace Security Light Bulbs</b>		<b>Number</b> P009	<b>Date Posted:</b> Sept. 20/10
<b>Category</b> Property & Maintenance - Outdoor	<b>Type</b> Project		
<b>Description</b> There are three outside bulbs that need replacing. The main one is the parking lot light located on the east side of the office wing. It requires putting up a ladder, but is not very difficult. The other two lights are the ones which illuminate the cross at night. They are accessible from the roof – also not difficult.			
<b>Importance</b> High			
<b>Time estimated to complete job</b> 2 hours including buying bulbs			
<b>Special skills required</b>			
<b>Special tools required</b>			
<b>Budget</b> \$50			
<b>Contact person</b> Dave Anderson			
<b>Additional Notes</b> I'm not sure exactly what type of bulbs are needed, so they will need to be first removed. It may also take some research to find a replacement bulb as Rona didn't have one last time. Try West Coast Lighting if you can't find one nearer. <a href="http://www.westcoastlighting.com">www.westcoastlighting.com</a>			

**Casual Ministry Response Form**

Fill out, detach this form and turn it in at the office, or put it in the offering plate. Take home the top portion for your information.
